# Contaminated fuel ?

## *Why users of Abbey Fuelcards have valuable Peace of Mind*

Recent reports of thousands of stranded or struggling vehicles that had fallen victim to **contaminated fuel** weren't good news for all those affected. *However, Abbey Fuel card holders had good reason to remain relaxed and confident during that crisis.*

Naturally, anyone who is dependent on car, van or HGV could be forgiven a moment of concern. Particularly if they were approaching a refuelling stop – and, in this case, especially if it was petrol they needed.

But it's worth pointing out that, as well the discounted weekly price and all the free customer services, Abbey Fuelcards have another important and reassuring benefit: **big name fuel brands**. Depending on which of our fuelcards is held, Abbey customers fill up at **Shell** or **Texaco** sites.

At Abbey, we NEVER cut corners on fuel quality by chasing cheap sources. We are able to offer low fuel prices simply because our long market experience enables us to buy in bulk. We then pass on the savings via a price per litre that is typically several pence below what is shown on the pump.

So that's why we hope that you and your organisation will give extra thought to becoming Abbey Fuelcard holders – SOON ! When you do, you'll be joining thousands of others who are already enjoying the **service**, **savings** and **security** that we at Abbey are committed to deliver.

**That all adds up to pure Peace of Mind - week in, week out, year-round.**
